Lost tooth filling during the holidays, called office, it was closed. I didn't left a message. I was happy to get a phone call from office asking if I have any issues- since I am not in pain, I forgot about it. Made an appointment and was told it will be a big filling. I waited a little time in the office since doctor squeezed some time to take care of the filling on the same day before she went on vacation soon. I was really nervous, but no pain during and after the procedure!!! Doctor ZHU also told me when I should call and if my tooth cracked deeper, what are the steps to fix the problem. I was very well informed and prepared for the future. Always good experience with Doctor ZHU and Doctor Zhu's staff!

I am very happy with the professional service and good quality dental work. The communication is excellent except for the fact that I have had several experiences where my 'patient responsibility fees' have not been accurate and I've been surprised with extra substantial charges that were not covered by insurance. I believe that the office should do a more thorough process of confirming patient responsibility for payments and communicating that to patient in advance of services.

I was told they were going to monitor one tooth from my previous visit. Now I'm told I need five crowns. Either the previous dentist didn't do their job or this new dentist is out to make money or is overreacting. This just doesn't seem right. I have to get a second opinion. I may need five crowns. But really five at once. I need a dentist who understands we all have bills to pay and doesn't throw something like that at once.

I felt that Dr. Zhu was kind and empathic from the start of our relationship. It wasn't until my visit yesterday that I realized that Dr. Zhu demonstrates her kindness. It might seem unimportant or such a small behavior that it could be easily overlooked by

others. Dr. Zhu called me by my first name, and answered all my questions which can be many. She also repositioned my head with a soft nudge with the back as she cleaned my teeth. Other dentist will just ask the patient to follow directions. This for me sets Dr. Zhu apart. I felt important and cared about.

I have been going to this clinic for 10 years and the staff is very friendly. I just realized that I wasn't given a toothbrush, toothpaste, or floss after my most recent visit, which I always have received and signals to me that my old toothbrush needs to go. I'm very surprised by this.

This was my first time at Integrity Dental Associates. I loved the experience. Everyone and I mean everyone was courteous and helpful. I loved Dr. Zhu as she was very well knowledgeable in her craft. I finally found a dentist that knows what she is doing and I have trust in that. I will always be a happy customer at Integrity. Dr. Zhu has made my visit very enjoyable and knows what she is doing. I loved everything about this dental office. All of the staff were very professional and courtesy. This is the best dental office I have every visited and will continue to get my business.

Had passed and trusting a new Dentist was something I feared. However, ever since I've walked in Dr. Zhu's office long ago, I was immediately at ease. The Amazing mom and daughter (forgot names)front desk team was professional & on point. Affordable and flexible always!! Feels like family! Thank you all for your professionalism and attention. Dr. Zhu was empathic, interested in me, and interactive. She does not push for treatment that is not clinically justified. She will try a first line of treatment and go from there. Professionally speaking, this is "best practices." I was particularly impressed with Karen, their hygienist. I liked her method and the outcome of her cleaning. Karen was able to remove stain that others failed to do. I felt at ease after a few moments of being in their office. Jim D.

Review for Junghwan Kim

Dr. Kim is VERY efficient AND effective. I am terrified of the dentist and hadn't been in longer than I'd care to admit. Despite this, I did not feel judge at all about the state of my teeth. Dr. Kim just told me matter-of-factly what he saw, what needed to be done, and even made sure to provide me with a printout of my pre- and post-insurance costs so I could plan my follow-up appointments appropriately. During my cavity fills, he made sure I was comfortable and properly numbed up before proceeding. It was SO FAST and he was patient with me at the end while I tried to figure out if my teeth felt even or not :D My only real comment/complaint would be he didn't really discuss oral health/education with me at all, which I would have liked. I feel like it's easy to assume adults know how to care for their teeth and they may, but I think it's important to check in about that. No one asked me how often I brushed, if I flossed, etc. Aside from my cavities, we didn't discuss how often I should be making appointments, etc. While we are each responsible for our own health & health literacy, I work as a nurse and I am always surprised by what my patients don't know about their own bodies. Basically I had a great experience, but would love more communication & education.

Review for Yingchun Zhu

Dr. Zhu is the best dentist I have ever met. If I had known her 6 years earlier, I think she would have spare me all the trouble of doing Invisalign, braces and gum recess and tooth filing issue. I'm super happy that I find her now and for my future years our family is in good hands. She is not only thorough and knowledgeable, but has excellent bed manner and explains things to the point.

Love the dentist who cleaned my teeth. The girls behind the desk are super nice and helpful especially the person who does the billing. My dentist of many years retired and I thought it would take a long time to find a new dentist I would like - I was wrong. This place is very clean. Prices are so reasonable!! I found out my former dentist was ripping me off!! He charged 1700 for a crown!! This place charges 800.00! Sometimes change is good.

Integrity Dental Associates is so much more reasonably priced for all the work I need to get done. Very clean place also.

Very professional. Made sure things were covered by insurance. Let us know that the filling was poorly done from a different dentist. They will watch it and when it bothers her we will replace it since it was just done. The reason we switched dentists. Came highly recommended. Our whole family will be switching.

Both of my daughters did not like going in by themselves. They were uncomfortable. I purposely waited to get their check-ups until it was safer. My younger daughter was told she needed to get a few baby teeth out. Then she heard them talking about needing them pulled and felt like she was lied to. She was a little angry. I should have been in there with her to hear for myself or to calm her down. We also didn't know the girls would be seen by someone other than Dr. Zhu.

Review for Yingchun Zhu

Yesterday went to my routine appointment for a cleaning and to discuss options for a tooth that I had extracted last week. As always my Dental Hygienist has the hands of an angel and gave me an excellent cleaning! And after words I had a consultation with Dr. Zhu to discuss the best options for my tooth replacement. She is patient and thorough in her explanation making sure that I understood ALL my options. I am now waiting for my mouth to heal properly and we will begin treatment in 8 weeks. I wish all my healthcare providers are as excellent as Dr. Zhu. I would recommend her highly to any prospective client looking for the best dental care!

I'm pleased to say that I very very confident that every measure was taken to protect me during my recent dentist appointment. I waited in my car and was called into the office. I was then immediately put in the restroom, where I was told to rinse my mouth with antiseptic rinse and told to wash my hands. Afterwards my temperature was taken I was then escorted to my rooms where air purifiers were on. I value my dentist for taking these measures very seriously to protect OUR health.

This office is the most professional dental office I have ever experienced. They are all kind and take the time to answer your questions and spend extra time explaining what they are doing and why. This place saved one of my teeth from being destroyed for no reason at another office as well as saving me a ton of money. I have referred my own family here and will continue to refer others who want to save their own teeth from unnecessary procedures.

My daughter said all the nurses were very nice and welcoming, but the doctor was rough in their handling, and when she asked her to open wider.. I am unsure of who performed care since I was not allowed in the office, COVID-19 precautions, but I don't think she'd say this unless it's true. I haven't had any issues like this when I was allowed in with my child.

I've been going here for a couple years. The staff is always friendly and they have all the latest technology. I had an appointment on June 4th just when the pandemic was lifting. Every precaution was taken to assure my safety and theirs. I would recommend this dentist. Dr. Zhu is the best!

Review for Katherine R East

This was my first appointment with hygienist Katherine R. East...and without a doubt my best experience getting my teeth cleaned. At 69 years of age I have moved around and had quite a few different hygienists. And I have to admit that I haven't had my teeth cleaned in several years so I was expecting to get murdered~! But quite the opposite...Katherine's technique was so good that I didn't even require a numbing agent to put on my gums~! I now am looking forward to my next 6 month visit which I am sure will be even easier than my last now that my teeth are perfect!

Review for Sean Ramakrishna

I initially went to Integrity Dental because my mouth was a disaster area. I needed fillings, extractions, a root canal and two crowns. Many of my teeth were really painful. The dentists were able to modify my treatment plan to address the major problems I was having but make it more affordable for me. All the staff are awesome and very friendly and caring and, most importantly, competent! Dr. Sean is great! I had no major problems after any of the procedures he did - and there were lots of them! He is quite personable and that helped an awful lot during the longer, procedures. I will definitely continue going to Integrity Dental.

This business must be growing, because I saw new faces! Kate the new hygienist was great! I liked her company and my teeth feel great!!! And I love the dentist's advice and honesty as always. I only took a star away because this place spoiled me having the dentist clean my teeth with the electronic gadget instead of scraping. I haven't done that way in years, so it took me by surprise. I'm just nit picking, otherwise, I love this dentist! I moved and still come here!

This is one of the best dental offices I been been to in the Bolingbrook area. When I enter the front office the staff is always friendly and approachable. I never have to wait more than a few minutes to see Dr. Zhu. And Norma her assistant is one of the nicest people ever ! She will take the time to sit with you, make sure you aren't nervous and explains everything. Dr. Zhu has this thing she does. She says if you are uncomfortable raise your left hand. I like the fact she cares and takes her time with you. She isn't pushy. They have my business because they are professional, happy and efficient.

Dr Chen is awesome. She's the most gentle, skillful dentist I have ever been to. I have needed a lot of work done over several appointments in the last couple of months. My back tooth got cracked and I wanted to see a dentist ASAP, I called few places and didn't working out, I called Integrity Dental Associates, receptionist was nice and gave me next day appointment. When I got to dentist office, everything was quick and extremely friendly. The girl was taking care of my X-ray, she was outstanding, extremely sweet and courteous. Then dentist stepped in and she was very kind and such a good listener. She's wonderful dentist, I'm one of those people don't like to go to dentists, very much scared of and try to avoid but Dr. Zhu made me so comfortable and win my trust!!

Pleasant and painfree. How much better can a dental appointment be? Dr. Chen is so gentle and skillful with both the anesthetic injections and the procedure, I could easily have taken a nap while she did an intensive deep cleaning on my painful teeth.

Years ago I had a cavity filled by a dentist in Naperville. It resulted in being really painful and getting food stuck between my teeth. I waited a month before I said anything, because I didn't want the dentist to tell me to "wait it out". I went in for him to check it. He put some temporary stuff over the tooth and told me to - "wait it out". The stuff wore off, so the pain came back. I then went to see that dentist's partner. He redid the filling. It was better, but never the same. I said all that to say that after years later Dr. Zhu recognized something funky was going on with that tooth and she recently refilled it again. I've had no problems since and appreciate her knowledge!

Review for Integrity Dental

First of all, I was thrilled when I was able to get an appointment within 7 days. It was also easy to switch to a different time and day when I covered a shift for someone else. I've also come to expect a wait time once arriving there. I got there at least 20 minutes before the appointment so as to fill out a couple of forms. I sat down in the dental chair 25 minutes after my scheduled time. I guess this is because the office scheduled 3 patients for 6 PM. I get it; the dentist and staff are juggling patients and tasks. There was a student and what I didn't expect was a bit of experimentation with the x-ray machine. I probably ended up with at least 4 extra images that had to be redone. In their defense, I needed the smaller plates. Once the dentist checked out my teeth, things ran more smoothly, after which they cleaned my teeth. Bottom line, they listened to me, showed great compassion or empathy and have openings that my usual dentist would never have. (My old office wants me in, but will do so in about 2 months!).

Review for Yingchun Zhu

Dr Zhu is great - knowledgable, courteous, and keeps the premises clean and organized! Love her! This was the first time I had to wait more than a few minutes. Usually its pretty quick. The lady who took my X-ray and polished my teeth after the doctor cleaned them was clearly inexperienced and not good with her hands. She struggled to polish properly, starting and stopping the machine every 2 seconds, and did not cover the whole area systematically, esp at the border of the tooth and gums. She also was a little sloppy with taking x-rays of the full mouth. She took 6-8 x-rays. Perhaps she is new and still learning. For cleaning, I would recommend Dr Zhu herself, not the assistant who cleaned my teeth last time. The assistant was not as precise with the instruments, and her coverage was not as complete. She was okay - probably still learning too. thanks for the chance to provide feedback. Hope it is used to improve services. best wishes!

Im very nervous about changing dentists but this one so far is very good! They were very nice and professional and made me feel comfortable. The only issue I have is that they told me a procedure I need is not covered by my insurance however I called them right away and I was told it is so I really could have had it all done that day, which would've saved me from ALOT of pain BUT I do know that that sort of thing happens all the time & everywhere so I still recommend! !

Staff, friendly. Dentist, friendly. But...even though the services I require ARE covered by Family Health Network, the dentist refuses to do. Due to the fact that she wont get enough reimbursement from the state. I say...if you dont want to perform the services that ARE COVERED, take your office off the list then. So no other patient feels unworthy of your practice. I am a human being, just like the patient that comes in with better insurance. I deserve the SAME treatment. Just because YOU wont GET enough money back from my insurance, is that a reason to deny me the covered service? Oh yea, you'll do the work, at a 20% discount to me, and pay for a covered service, out of my pocket, when I have NO deductible. Look, I have Family Health Network for a reason. Do you honestly think I have access to that kind of money? If I did, I wouldn't be in NEED of the insurance I have. I believe your office has POOR morals, and NO empathy for fellow human beings. Ive seen dogs treated better.

Hello, I recently came for a cleaning and checkup. Dr Zhu is excellent and does an outstanding job. My experience with the hygienist this time was not as good. She appeared to be in a rush - not sure if that was related to my arriving 10 min late. The office staff is great! She did a poor job of flossing. I know it's tough to floss other people's teeth, but she ought to be better trained and should not push the floss down directly in the middle of the space, but push it along the side of the tooth on both sides. Thank you!

Review for Yingchun Zhu

Dr. Zhu has been my family's dentist since we've lived in Chicago area, takes great care of each every one of us. We have never changed our family dentist since. The girls on front desk are very nice and friendly. I think you know that some dentists and their offices are not as polite, not patient, and some are very rude. I've never seen it happening in this office. She always takes time to ask questions, learn about our dental history, she is

never rush. We'd strongly recommend to everyone in the area that for sure you will never be disappointed.

Amazing experience! Very kind and attentive to your being comfortable. Dr.Lee would often ask if I was in pain, during the process of filling teeth. Of course, the whole experience was soothing, no pain. On the contrary, it was quite relaxing. The best part, they accommodated me when coming in a week ahead of my scheduled appointment! Highly recommended.

Review for Yingchun Zhu PA

Yesterday I had the most pleasant visit with Dr. Zhu. From the moment I stepped into her office I was welcomed with big smiles and immediately directed to the back. NO WAITING!! Like most of us, I'm normally afraid of visiting the dentist but not this time. My procedure involved a deep cleaning and filling, Dr. Zhu set me at ease immediately. She explained step by step what she was going to do and instructed me to raise my left hand if I was in need of a break or in pain. During the procedure she offered encouragement and before I knew it we were done. Dr. Zhu is a consummate professional and I recommend her highly.

Dr. Zhu is the most welcoming and skilled dentist I have ever experienced. Her professionalism and care is top notch and all the work I have had done looks and feels great. I have sensitive teeth and TMJ for which she has provided me tremendously insightful suggestions on how to maintain holistic oral health practices at home. The office is lovely, the technology & equipment is first class, and the staff is super friendly.

Review for Yingchun Zhu

I made an appointment for this place after I received a coupon in the mail for a teeth cleaning service for only \$69. I don't have insurance so \$69 was a deal. The interior is very nice (Sorry.. I'm an interior design student so I pay

attention to that kinda stuff), and the staff were very helpful and friendly. The dentist lady was great! She was funny and made me feel very comfortable with everything she was doing. The thing that amazed me about this place is the lady said she would honor the \$69 cleaning anytime I come in even though it states it's only for first time patients. I truly appreciate that! I'll definitely be back!

I have a totally different experience here, comparing with other places I went to, Dr. Zhu didn't make me feel silly even I might ask a silly question. I really like her about her integrity attitude, excellent communication and make you truly understand what's going on with you. I highly recommend everyone try her service.
